At Werkmeister Cabinets, we use the highest quality kiln dried hardwoods, sheet goods, hardware, and finishes available from industry leaders. Our design work is done with Cabinet Vision software. Our building process is based on traditional practices mixed with the advantages of modern day woodworking technology and equipment. Our highly skilled and experienced craftsmen bring all of it together in a final finished product of superior quality.

Although we make no claims to be the cheapest cabinet source, we work to be competitive in the business. In comparison of cost to quality, we believe we can offer the best value for your money. We can offer different options and ideas to fit your particular budget.

Werkmeister Cabinets, Inc. continuously strives to meet all customers' schedules and deadlines. Because we build on a custom-order basis, our lead times do vary. The earlier we can start planning your project before expected completion, the better!

From the simplest to the most elaborate, Werkmeister Cabinets can build your cabinetry in any style and design you like. We are not limited to only certain "stock" cabinet sizes. We can incorporate all of today's luxuries and accessories into your cabinetry. Whether it's your new home, remodel, or addition, we can take your ideas and ours and turn them into a finished product that will be enjoyed for years to come!
